## Professional Profile

Architect and PhD in Architectural Design, serving as a Court-Appointed Technical Consultant (CTU) for the Court of Rome. Founder of FiumeArchitecture, I manage multidisciplinary projects ranging from high-end residential renovations and retail design to new construction developments. I bring extensive international experience (London, Barcelona) and a design approach that seamlessly integrates technical rigor, interior design, and contemporary art research.

## Key Competencies

- **Multiscalar Design:** New construction, urban regeneration, retail design, heritage restoration, and interior design.
- **Project Management & Site Supervision:** Construction site coordination, private contract management, cost control, and health & safety (Coordinator pursuant to D.lgs 81/08).
- **Forensic Consultancy:** Court-Appointed Technical Consultant (CTU), Technical Fact-Finding Reports (ATP), real estate appraisals, and energy certification.
- **Software:** Revit (Professional), BIM, Rhinoceros, 3dsMax, Maxwell Render, Adobe Suite (Photoshop, Illustrator, InDesign), Autocad, Vectorworks.

## Professional Experience

### Founder & Lead Architect | FiumeArchitecture, Rome (2017 – Present)

- **New Construction & Retail:** Design and consultancy for commercial spaces and new building volumes, with a focus on functional optimization and brand identity.
- **Residential:** Managed over 20 complex renovation projects in Rome (budgets ranging from €50k to €200k), overseeing all phases from conceptual design to site supervision.
- **Industrial Design:** Developed lines of bioethanol stoves produced industrially for GMR Trading.
- **Forensic Practice:** Appointed as CTU for the Court of Rome; responsible for technical appraisals, ATP reports, and property valuations.

### International Experience & Collaborations

- **Architect | Arata Isozaki y Asociados, Barcelona (2013 – 2014):** Developed international-scale projects, including the Grand Egyptian Museum (Giza) and sports pavilions.
- **Architectural Designer | PDP London, London (2015 – 2016):** Restoration and redevelopment of high-value historic complexes (Royal Star & Garter, £80m project).
- **Interior Designer | Goddard Littlefair, London (2016):** Interior design for luxury retail and residential projects in Canary Wharf.
- **Project-based Collaborations:** Studio Lococo (Rome), Campo Architetti (Rome), Nstudio (Rome), Arch. Lorella Genovese.

## Academic Background

- **PhD in Architecture:** Sapienza University of Rome.
- **Master's Degree in Architecture and Building Engineering:** 110/110 with honors, Sapienza University of Rome.
- **Visiting Scholar:** University of Florida, School of Architecture.
- **Professional Registrations:** Order of Architects of Rome (2013), RIBA Chartered Member (2016).

## Awards & Publications (Selected)

- **Awards:** Winner of the **BIG SEE Interior Design Award 2026** and **Silver Award at the Frame Awards 2026** (Via Monte Zebio project, 2026); 3rd Prize in the design competition for the former Nursery School in Fabriano (2023); 3rd Prize "Un’idea per Cineto" (2019).
- **Publications:** Projects selected and featured in prestigious international media, including Frame Magazine, Architizer, Archello, Archinect, Archilovers, and Homedit (2021-2026).
- **International jury:** Member of the jury of the Archello Award 2026.

## Contemporary Art

Artist under the MFG Paintings branch. Regular exhibition activity in national and international galleries, with a focus on abstract painting and textile design.
